HOW TO USE THIS DOCUMENT

Social media manager: use Section 6 as the master schedule and Section 8 for copy. Graphic designer: use Section 7 for poster and carousel direction. Video editor: use the scene tables in Section 7. Client: Sections 2–5 explain the thinking; Section 12 lists what is needed from AKAR.

RESEARCH TRANSPARENCY (PLEASE READ)

Instagram blocks automated access, so AKAR's own Instagram account and individual competitor posts could not be opened during research. Competitor references in this document are therefore verified profile-level links only, each clearly labelled. No post URLs, engagement figures or follower trends have been invented. Section 4 explains the method and Section 9 provides a tracker for pinning exact posts.

SECTION 02

Brand Overview & Research

What we verified on the AKAR website, what we could not verify, and what is a strategic assumption.

A. Verified from the official website (akararchitects.com)

IDENTITY	AKAR Design Studio. Page header reads 'Creating Your Style Statement'. Location noted on the site: KR Circle, Bangalore.
SELF-DESCRIPTION	'Architects of emotions, creators of memorable experiences, and builders of dreams.' A multidisciplinary approach combining architecture, landscape, interior design and urban design.
DISCIPLINES	Architecture, Interior Design, Landscape Design, Urban Design.
SEGMENTS SHOWN	Residential ('Dream Homes'), corporate workspaces, commercial spaces, restaurant design.
SIX 'WHY CHOOSE US' PILLARS	Vision Realized, Seamless Communication, Precision in Design, Flawless Execution, Sustainable Solutions, Inspiring Innovation.
PROCESS (4 STEPS)	1) Collaborative discovery. 2) Creative design and curation. 3) Execution 'On time. On budget.' 4) The reveal.
CLIENT TESTIMONIALS	Four published testimonials: clients from Chennai, Bengaluru, Hyderabad and Kochi (residential, office, landscape and interior work).

B. Not verified (do not promote until AKAR confirms)

SERVICES IN YOUR BRIEF THAT THE WEBSITE DOES NOT EXPLICITLY LIST	Luxury villa design, turnkey projects, renovation and remodelling, space planning, project management, design consultation (as a named service), office interiors (the site says 'corporate design').
PRICING, TIMELINES, AWARDS, PROJECT COUNTS	None found. None are used in this calendar.
PORTFOLIO DETAILS	The homepage describes a portfolio but individual project names, locations and images were not available in the text we could read.
AKAR'S INSTAGRAM ACCOUNT	Not accessible to automated tools. Follower count, posting frequency, formats and engagement are unknown. A first-week audit checklist is in Section 12.

C. Observations that affect social media

- **Name consistency.** The website title says AKAR Design Studio while the domain is akararchitects.com. Decide on one primary name for captions and hashtags (this calendar uses 'AKAR Design Studio' to match the Instagram handle).
- **Name collision risk.** Search results for 'AKAR Design' surface unrelated businesses, including a US design retailer (akardesign.com) and Aakar Design in India. Use branded hashtags that include 'Studio' and a Bengaluru tag to avoid mixed-up discovery.
- **Website copy quality.** The portfolio heading on the homepage reads 'We design modren and elegant' (spelling). Worth fixing: social content drives visitors to the site.
- **Strong raw material.** The four-step process, six differentiators and four testimonials are ready-made content that needs no new claims.

D. Strategic assumptions (not verified)

- AKAR targets premium-to-upper-mid residential and small commercial clients in Bengaluru and South India (testimonials come from four South Indian cities).
- Visual identity should be contemporary, minimal and warm: neutral palette, serif headlines, restrained photography.
- The agency will receive a limited set of approved project images. The calendar therefore leans on renders, motion graphics, and educational content that needs no client assets.

- The Instagram account is at an early stage; growth objectives focus on discovery, saves and trust before volume of enquiries.

E. Opportunities and content gaps

Gap seen in competitor bios and snippets	Opportunity for AKAR
Story-led home tours and trailers (Studio Ipsa)	Short 'concept to reveal' films once AKAR supplies approved projects.
Credited, professionally produced project films (FADD Studio)	Credit photographers, 3D artists and team in every project post; build a consistent visual style.
Direct, DM-led calls to action (FABDIZ)	Use keyword DMs ('BUDGET') and a clear link-in-bio route.
Multi-typology credibility (IndianStory Architects)	Show residential, workspace, landscape and urban range through education posts.
Educational depth is not visible in the competitor bios we could read	Own 'explain it simply' content on plots, floor plans, materials and budgets.

Basis: competitor bios and search-engine snippets. Post-level content could not be reviewed, so these are directional observations, not audit findings.

SECTION 03

Target Audience Analysis

Seven audience segments. These are strategic assumptions drawn from your brief, not AKAR analytics.

Segment	What they want / fear	Content that works	Lead pillars
Dream-home builders	Want a home that reflects them; fear delays, overruns and poor communication.	Plot checklists, process, budget drivers, villa inspiration	A, E, G
Luxury villa owners	Seek signature architecture and craftsmanship.	Facade and material education, walkthroughs, project showcases	B, C
Homeowners (interiors)	Want livable, beautiful rooms; fear choosing wrong materials.	Material guides, lighting, small-space ideas, room anatomy	A, C
Renovation planners	Want a refresh without chaos.	Checklists, order-of-work, living-through-renovation tips	E, A
Investors and developers	Want efficient, marketable layouts.	Floor-plan logic, layout efficiency, concept walkthroughs	A, B
Business owners (commercial interiors)	Want productive, on-brand workspaces.	Office zoning, workplace design, commercial showcases	A, B
Contemporary architecture fans	Enjoy design for its own sake; share and save.	Facade anatomy, texture studies, urban design	C

PRIMARY / SECONDARY

Primary: dream-home builders, homeowners (interiors) and renovation planners, since they search, save and enquire. Secondary: villa owners, business owners and developers via targeted Reels and showcases. Tertiary: architecture fans, who extend reach and shares.

GEOGRAPHY NOTE

Testimonials on the AKAR website come from Chennai, Bengaluru, Hyderabad and Kochi, suggesting a South-India-wide audience with a Bengaluru base. Local tags (#Bengaluru) are used in every caption; add city tags for other regions when relevant.

SECTION 04

Competitor Research & Reference Links

Ten competitors with verified Instagram profile links. Direct post links could not be verified (see method).

METHOD AND LIMITATIONS

Competitors were found through live web searches (Bengaluru architecture and interior studios, with Instagram profiles that returned in results). Instagram blocks automated page access, so individual posts and Reels could not be opened or verified. Follower and post counts below are from search-engine snippets of each profile and may be out of date. 'Content style' and 'themes' come only from each profile's public bio and any snippets found; where nothing beyond the bio was visible, the table says so. No engagement statistics are claimed and no post is described as viral. Every link in the 'Reference' column is a profile-level link.

Competitor	Instagram link	Website	Content style	Strongest content themes (evidence basis)	Reference post links
Studio Ipsa Bengaluru 180K followers, 967 posts (snippet)	instagram.com/studioipsa/	studioipsa.com	Warm, story-led residential interiors. Bio stresses detail-obsession and emotion.	Small-space detail posts (e.g. a built-in kitchen ladder, ceiling-height kitchen storage), full home-tour films with trailer teasers, before/after retail interiors, founder-story conversations. *Basis: Bio + search/LinkedIn/Threads snippets*	Profile-level only. Direct post URL not verified. Open profile
FADD Studio Bengaluru 130K followers, 873 posts (snippet)	instagram.com/faddstudio/	faddstudio.com	Polished, editorial project storytelling; shoot-led visuals with full credit lines.	Professionally photographed/filmed project launches with photographer, videographer, stylist and design-team credits; lifestyle-styled interiors. *Basis: Bio + a Pinterest-mirrored caption snippet*	Profile-level only. Direct post URL not verified. Open profile
Cadence Architects Bengaluru 68K followers, 868 posts (snippet)	instagram.com/cadence_architects/	Not verified	Architecture-led, concept-driven practice voice ('projective practice'). Bare Wall Studio Bengaluru (est. 2021) 16K followers, 92 posts (snippet)	instagram.com/bare_wall_studio/	Not verified	Young multidisciplinary studio mixing architecture, interiors and graphic design; playful brand voice ('more than just walls').	Architecture, interiors and graphic-design crossover. Specific post themes not verified. *Basis: Bio + Buildofy listing*	Profile-level only. Direct post URL not verified. Open profile
FABDIZ Interior Design & Architecture Bangalore & Kolkata 19K followers, 1,030 posts (snippet)	instagram.com/fabdiz_interiors/	Not verified	Luxury-bespoke positioning with a direct DM-led call to action.	End-to-end luxury interiors; craftsmanship emphasis. Specific post themes not verified. *Basis: Bio only*	Profile-level only. Direct post URL not verified. Open profile

Competitor	Instagram link	Website	Content style	Strongest content themes (evidence basis)	Reference post links
Archierio Bengaluru 11K followers, 791 posts (snippet)	instagram.com/archieriodesigns/	Not verified	Lifestyle-led luxury residential interiors ('homes that speak your lifestyle').	Residential bespoke interiors. Specific post themes not verified. *Basis: Bio only*	Profile-level only. Direct post URL not verified. Open profile
IndianStory Architects Bangalore / Hyderabad / Kolkata / Pune 4.7K followers, 618 posts (snippet)	instagram.com/indianstoryarchitects/	Not verified	Multi-typology studio (residential, F&B, retail, office).	Typology range as a credibility signal. Specific post themes not verified. *Basis: Bio only*	Profile-level only. Direct post URL not verified. Open profile
Ace Interiors & Architects Udupi, Mangalore, Bangalore, Goa, Mumbai 19K followers, 364 posts (snippet)	instagram.com/interiors.ace/	Not verified	Full-service positioning (architecture, interiors, civil engineering) with phone-first contact.	Turnkey-style capability positioning. Specific post themes not verified. *Basis: Bio only*	Profile-level only. Direct post URL not verified. Open profile
Surya Architects & Interior Designers Bangalore 15K followers, 153 posts (snippet)	instagram.com/surya_architects_interiors/	Not verified	Compact feed (153 posts) with direct email and phone contact in bio.	Architecture and interiors. Specific post themes not verified. *Basis: Bio only*	Profile-level only. Direct post URL not verified. Open profile
Interface Architects Studio Bengaluru (practice since 2007) 354 followers, 105 posts (snippet)	instagram.com/interface_architects_studio/	Not verified	Small, long-running practice: a useful benchmark for a low-follower, credibility-first feed.	Architecture and interior design. Specific post themes not verified. *Basis: Bio only*	Profile-level only. Direct post URL not verified. Open profile

Note: 'cadencestudio' (a different, smaller account) also appeared in results but was excluded because its location and focus were not verified.

SECTION 05

Content Pillars & Strategy

Seven pillars balance education, inspiration, proof and enquiry so the feed never reads like an advert.

A Design Education

7 posts in October

PURPOSE	Teach the audience how good design works so AKAR becomes the account people save, revisit and send to family.
TARGET AUDIENCE	Home-builders, apartment owners, first-time buyers, interior-curious followers.
RECOMMENDED FORMATS	Carousels (saves), explainer Reels (reach), single-idea posters.
CONTRIBUTION TO GROWTH	Saves and shares are the strongest signals of usefulness; builds topical authority for search and Explore.

B Project Showcase

2 posts in October

PURPOSE	Prove capability with real or approved design work, presented with context, not just glamour shots.
TARGET AUDIENCE	Prospective clients comparing studios; developers; commercial owners.
RECOMMENDED FORMATS	Annotated posters, 3D walkthrough Reels, project carousels.
CONTRIBUTION TO GROWTH	Credibility and enquiry intent. Only AKAR-approved projects, renders or clearly labelled concept visuals.

C Architectural Inspiration

6 posts in October

PURPOSE	Create aspirational, save-worthy visuals that define AKAR's contemporary, minimal, warm aesthetic.
TARGET AUDIENCE	Dream-home planners, luxury villa owners, design enthusiasts.
RECOMMENDED FORMATS	Mood Reels, facade/material carousels, texture and material posters.
CONTRIBUTION TO GROWTH	Wide discovery and brand recall; trains the feed to look premium and consistent.

D Process & Studio Life

2 posts in October

PURPOSE	Show how AKAR thinks and works, from sketch to execution, to reduce the perceived risk of hiring a studio.
TARGET AUDIENCE	Cautious first-time clients; people who fear delays and budget overruns.
RECOMMENDED FORMATS	Sketch-to-render Reels, light team-led humour, process posters.
CONTRIBUTION TO GROWTH	Trust and approachability; humanises a premium brand.

E Homeowner Q&A & Myths

4 posts in October

PURPOSE	Answer the questions homeowners actually worry about: order of hiring, floor-plan mistakes, budgets, renovation planning.
TARGET AUDIENCE	Plot owners, renovation planners, families approaching a first design project.
RECOMMENDED FORMATS	Myth/truth posters, checklist carousels, red-flag Reels.
CONTRIBUTION TO GROWTH	High save/share potential and a natural bridge to consultation enquiries.

F Brand Trust & Proof

2 posts in October

PURPOSE	State the AKAR point of view and surface client proof (only verified, permitted testimonials).
TARGET AUDIENCE	Anyone evaluating whether AKAR is credible and aligned with their taste.
RECOMMENDED FORMATS	Brand statement poster, testimonial poster.
CONTRIBUTION TO GROWTH	Reinforces positioning ('Architects of Emotions') and supports conversion.

G Consultation & Enquiry

3 posts in October

PURPOSE	Give interested followers a low-pressure next step without turning the feed into an advertisement.
TARGET AUDIENCE	Warm audience: profile visitors, repeat savers, people planning 2027 projects.
RECOMMENDED FORMATS	Process-explainer poster, soft-CTA poster, lead-magnet carousel.
CONTRIBUTION TO GROWTH	Direct enquiries and DMs; capped at roughly 1 in 8 posts to protect feed quality.

Balance rules used in the calendar

- No more than one promotional post in any three-day window; promotional posts total 3 of 26.
- Educational content is the backbone (11 of 26) because it earns saves and shares.
- Trust-building posts (5 of 26) appear in every week; client proof only uses permitted material.
- Every project or testimonial post is conditional on AKAR approval. Where no assets exist, the plan uses renders, motion graphics or clearly labelled concept visuals.

06
OCT · TUESDAY

POSTER · POST 1 OF 26
Pillar F: Brand Trust & Proof
Intent: Trust-building | Primary objective: Brand recognition

Architects of Emotions

MAIN IDEA	Opening brand-statement poster built on AKAR's own website line, 'architects of emotions'. It sets the tone of the month: spaces designed around how people feel.
WHY IT MATTERS FOR AKAR	Establishes the brand voice on day one and uses language already verified on the AKAR website, so it is consistent across channels.
INTENDED AUDIENCE	All audiences, especially new followers landing on the profile for the first time.

Creative direction

MAIN HEADLINE	**We design spaces. You live the feelings.**
SUPPORTING TEXT	Homes, workplaces and landscapes designed around how you want to feel.
SUGGESTED VISUAL	Wide, warm-light living-space image (approved AKAR project photo, or a 3D render at golden hour). Avoid people; keep the frame calm.
TEXT PLACEMENT AND LAYOUT	Full-bleed image with a soft charcoal gradient on the left 40%. Headline in a serif face, left-aligned in the lower third. Small logo top-left, handle bottom-right.
DESIGN DIRECTION	Premium and quiet: beige and white type on charcoal gradient, one thin beige rule, generous margins, no icons.
CTA ON POSTER	Follow for design that feels like home.

PRODUCTION NOTES
Needs: AKAR logo (vector), one approved hero image. Quickest post to produce - can be ready before 6 October.

07
OCT · WEDNESDAY

REEL · POST 2 OF 26
Pillar A: Design Education
Intent: Educational | Primary objective: Reach & new audience

Before the First Line: 5 Plot Checks

MAIN IDEA	An animated top-down plot plan that shows the five things an architect reviews before drawing: orientation, setbacks and local rules, access, soil and levels, surroundings and views.
WHY IT MATTERS FOR AKAR	Plot owners are AKAR's earliest-stage audience. A useful pre-design checklist positions the studio as a guide before any money is spent.
INTENDED AUDIENCE	Plot owners, people about to buy land, dream-home planners.

Creative direction

REEL CONCEPT	Pure motion-graphics explainer on a minimal plot plan. No site footage needed.
FIRST 3-SECOND HOOK	**Plot outline draws itself on screen. Text: 'Before we draw anything, we check THESE 5 things on your plot.'**
VOICE-OVER / DIALOGUE	Calm, first-person plural: 'Before we draw a single line, we look at five things on your plot...' Add on-screen disclaimer: 'Rules vary by city and authority. Verify locally.'
RECOMMENDED DURATION	30-35 seconds
AUDIO DIRECTION	Soft ambient instrumental from the Instagram licensed library; subtle tick sound on each number.
ENDING CTA	Planning to buy land? Save this and send it to whoever is helping you decide.

Time	Scene	Visuals and camera	On-screen text
0-3s	Plot outline draws itself	Top-down, flat vector plan on warm beige	Before we draw anything, we check 5 things
3-8s	Sun-path arc sweeps across the plot	Top-down; animated arc and compass	1. Orientation
8-13s	Dashed offset lines shrink the buildable area	Top-down; lines animate inward	2. Setbacks & local rules
13-18s	Arrow enters from the road	Top-down; road strip added	3. Access & road width
18-23s	Contour lines and a simple section	Cut to side section view	4. Soil & slope
23-28s	Neighbouring blocks and trees appear	Top-down; soft shadows	5. Neighbours & views
28-33s	End card with logo	Static; beige background	Save this before you buy a plot

PRODUCTION NOTES

Needs: no client assets. Motion designer or editor builds in After Effects/Canva. Check text against Bengaluru's current building rules before publishing.

08
OCT · THURSDAY

CAROUSEL · POST 3 OF 26
Pillar E: Homeowner Q&A & Myths
Intent: Educational | Primary objective: Saves & shares

Architect, Interior Designer or Contractor: Who First?

MAIN IDEA	A decision guide that explains who to hire first for a new build, an existing flat or a small repair, and why the order matters.
WHY IT MATTERS FOR AKAR	This is among the first questions every first-time client asks. A clear answer builds trust and positions AKAR's integrated model (design through execution).
INTENDED AUDIENCE	First-time home-builders and apartment owners.

Creative direction

Slide	Headline and content	Suggested visual
1 Cover	**Cover: Architect, interior designer or contractor? Who do you call first?** Large serif question; three small line icons below.	Charcoal background, beige type, three minimal line icons
2	**Building new? Start with the architect.** Structure, layout, approvals and the shape of the home are decided here.	Simple massing sketch
3	**Bring the interior designer in early.** Furniture, lighting and storage affect where plumbing, electrical and walls go.	Plan with furniture overlaid
4	**A contractor builds what is drawn.** Clear drawings first means fewer surprises on site.	Drawing set beside a site helmet (stock)
5	**Why the order matters** Decisions made late are the most expensive to change. A timeline strip shows design, then execution.	Horizontal timeline graphic
6	**The integrated route** One team that carries a project from concept to completion keeps design intent intact.	Simple loop diagram: Design - Plan - Build - Reveal
7	**Quick guide** New plot: architect first. Existing flat: interior designer. Small repair: contractor.	Three-row table graphic
8 CTA	**CTA: Not sure where your project fits?** Message us your project type and we will point you in the right direction.	Logo + handle on beige

CAPTION DIRECTION	Open with the question. Keep it conversational and non-salesy. Invite readers to comment their project type.

PRODUCTION NOTES
Needs: no client assets. Confirm with AKAR that the integrated 'concept to completion' execution described on the website is offered as stated before using slide 6.

09
OCT · FRIDAY

POSTER · POST 4 OF 26
Pillar A: Design Education
Intent: Educational | Primary objective: Saves & brand recall

Designed for Bengaluru's Weather

MAIN IDEA	A section-drawing poster showing how orientation, cross-ventilation and shading work together in a home, tied to Bengaluru's mild climate and AKAR's sustainability commitment.
WHY IT MATTERS FOR AKAR	Sustainability is one of the six reasons listed on AKAR's website. A weather-specific angle makes it local, useful and shareable.
INTENDED AUDIENCE	Dream-home planners, villa owners, environment-conscious homeowners.

Creative direction

MAIN HEADLINE	**Bengaluru's climate is the best design material you didn't pay for.**
SUPPORTING TEXT	Cross-ventilation, shaded openings and daylight planning can reduce how much a home relies on mechanical cooling and lighting.
SUGGESTED VISUAL	Clean line-art section of a two-storey home: arrows for breeze, a sun arc, deep overhangs and louvres. Beige lines on charcoal.
TEXT PLACEMENT AND LAYOUT	Section drawing centred; headline across the top in serif; support text in two lines below.
DESIGN DIRECTION	Technical-drawing aesthetic; thin lines, small annotation labels, a single terracotta accent for the sun arc.
CTA ON POSTER	Save this for your design brief.

PRODUCTION NOTES
Needs: designer to produce the section diagram (vector). Keep claims hedged ('can reduce'); do not quote energy-saving numbers.

10
OCT · SATURDAY

REEL · POST 5 OF 26
Pillar C: Architectural Inspiration
Intent: Inspirational | Primary objective: Reach & engagement

Same Room, Three Personalities

MAIN IDEA	One living room, rendered in three palettes (warm minimal, stone and shadow, soft contemporary), cut together to a beat. Ends with a vote.
WHY IT MATTERS FOR AKAR	Shows AKAR's range in a single, highly shareable format and drives comments through a simple choice.
INTENDED AUDIENCE	Interior-curious homeowners, dream-home planners.

Creative direction

REEL CONCEPT	Locked-off camera angle on one 3D room, with the material palette changing on the beat.
FIRST 3-SECOND HOOK	**Room appears in palette 1; text: 'Same room. Three completely different lives.'**
VOICE-OVER / DIALOGUE	No voice-over. Text only, synced to beat drops.
RECOMMENDED DURATION	24-28 seconds
AUDIO DIRECTION	Beat-driven, modern instrumental from the licensed library. Cut on the drops.
ENDING CTA	Comment 1, 2 or 3 and we'll tell you what it says about your style.

Time	Scene	Visuals and camera	On-screen text
0-3s	Room in Style 1 appears with a quick push-in	Fixed 3D camera, eye height	Same room. Three different lives.
3-9s	Style 1: warm minimal (oak, cream linen, terracotta)	Slow dolly 10%	1. Warm Minimal
9-15s	Wipe transition to Style 2: stone and shadow (travertine, blackened metal)	Same camera	2. Stone & Shadow
15-21s	Wipe to Style 3: soft contemporary (sage, fluted panels, brass)	Same camera	3. Soft Contemporary
21-26s	Split screen of all three	Static	Which one is you? Comment 1, 2 or 3

PRODUCTION NOTES
Needs: one 3D room model rendered three ways (3D freelancer or AKAR's in-house team). Alternative: three stock rooms of the same layout are NOT recommended; use renders only. Use Instagram's licensed audio for business accounts.

Flooring Guide: 6 Options for Indian Homes

MAIN IDEA	A neutral, no-pricing guide to six flooring options (porcelain, natural stone, engineered wood, terrazzo, microcement, and a quick comparison) with look, care and best-use notes.
WHY IT MATTERS FOR AKAR	Flooring is a high-anxiety, high-cost decision and an evergreen search topic. Reference-style content gets saved and revisited.
INTENDED AUDIENCE	Homeowners finalising materials; renovation planners.

Creative direction

Slide	Headline and content	Suggested visual
1 Cover	**Cover: Choosing a floor? 6 options, honestly compared** Serif title over a macro texture of stone.	Macro stock photo of stone and timber grain
2	**Porcelain / vitrified tiles** Wide range of looks, low porosity, generally easy to maintain.	Large-format tile in a clean interior (render/stock)
3	**Natural stone** Unique veining and character; needs sealing and careful cleaning, especially lighter marbles.	Close-up of stone with veining
4	**Engineered wood** Warmth underfoot; keep away from standing water and heavy moisture.	Timber floor in a living room
5	**Terrazzo** Durable and customisable; craft-intensive to install well.	Terrazzo chips close-up
6	**Microcement** Seamless, modern look; depends on skilled application and sealing.	Seamless floor in a bathroom or lounge
7	**How to choose** Match to use: wet areas, high-traffic areas, bedrooms. Mini-table: Look / Care / Best for.	Three-column table graphic
8 CTA	**CTA: Choosing materials for your home?** Save this guide and ask us about your project.	Logo + handle

CAPTION DIRECTION	Make it reference-grade. Include a line inviting questions in comments. No price numbers, no brand names.

PRODUCTION NOTES
Needs: stock/macro images or renders. Verify care notes with AKAR's design team so advice matches their site practice.

From First Conversation to Final Reveal

MAIN IDEA	A four-step poster based on the 'How do we work?' section on the AKAR website: discuss, design, execute, reveal. A soft lead-generation poster that explains what working with AKAR looks like.
WHY IT MATTERS FOR AKAR	It reduces uncertainty for first-time clients and uses a process AKAR already publishes, so it is accurate by default.
INTENDED AUDIENCE	Warm audience considering a consultation.

Creative direction

MAIN HEADLINE	**From first conversation to final reveal.**
SUPPORTING TEXT	Discover. Design. Execute. Reveal. Four steps, one team.
SUGGESTED VISUAL	Four vertical panels showing the journey: a conversation/brief, a sketch or plan, a site/construction detail, a finished interior (approved renders or stock).
TEXT PLACEMENT AND LAYOUT	Four equal vertical columns, each with a thin numeral at the top and a one-line description. Headline sits in a beige band above.
DESIGN DIRECTION	Neutral palette; images slightly desaturated for consistency; thin dividers.
CTA ON POSTER	Start with a conversation. Link in bio.

PRODUCTION NOTES

Needs: confirm the consultation process (free or paid, online or in person) with AKAR before the CTA; do not promise timelines or pricing.

Intent: Trust-building | Primary objective: Credibility

From Sketch to Space

MAIN IDEA	A process film: a designer's hand sketching a room, the sketch becoming a plan, a 3D model and finally a render.
WHY IT MATTERS FOR AKAR	Process content makes a premium service feel tangible and shows the thinking behind the finished image.
INTENDED AUDIENCE	Cautious first-time clients; design lovers.

Creative direction

REEL CONCEPT	One continuous transformation: sketch to plan to model to render, using a real AKAR designer's hands.
FIRST 3-SECOND HOOK	**Pen touches paper; text: 'Watch a rough sketch become a room.'**
VOICE-OVER / DIALOGUE	No voice-over. ASMR pen and paper sounds under a gentle beat.
RECOMMENDED DURATION	22-26 seconds
AUDIO DIRECTION	Natural pen sounds plus soft rhythmic instrumental from the licensed library.
ENDING CTA	Follow to see how our spaces take shape.

Time	Scene	Visuals and camera	On-screen text
0-3s	Close-up of pen starting a sketch	Overhead macro, 50mm	Watch a rough sketch become a room
3-8s	Sketch builds up: walls, furniture, arrows	Overhead, time-lapse 8x	Step 1: Idea
8-13s	Cut to screen: plan drawn in CAD	Screen recording, cropped	Step 2: Plan
13-18s	3D model orbits slowly	Screen recording or export	Step 3: Model
18-23s	Final render fades in, matching the sketch angle	Static, cinematic render	Step 4: Space
23-26s	Side-by-side: sketch and render	Split screen	This is how every AKAR project starts

PRODUCTION NOTES
Needs: half-day mini-shoot at AKAR's KR Circle studio (designer sketching, screen capture) plus one render to end on. Use a real or clearly labelled concept project.

Small Space, Big Moves: 7 Planning Ideas

MAIN IDEA	Seven space-planning moves for compact Bengaluru apartments: go vertical, hide storage, double-duty walls, sliding doors, translucent partitions, continuous flooring, layered lighting.
WHY IT MATTERS FOR AKAR	Compact apartments are common in Bengaluru. Practical planning tips are the most shareable form of interior content.
INTENDED AUDIENCE	Apartment owners and tenants; first-time buyers.

Creative direction

Slide	Headline and content	Suggested visual
1 Cover	**Cover: Small home. Big possibilities.** 7 planning moves for compact apartments.	Bright, uncluttered small-room render
2	**1. Go vertical** Take storage up to the ceiling to reclaim floor area.	Ceiling-height cabinetry
3	**2. Hide the storage** Handleless or camouflaged drawers keep surfaces calm.	Seamless wardrobe wall
4	**3. Double-duty walls** One wall can hold a desk, shelves and a wardrobe.	Study-wardrobe combo
5	**4. Slide, don't swing** Sliding doors free up space where a swing would collide.	Sliding partition
6	**5. Let light pass** Reeded glass or slatted partitions separate without darkening.	Reeded glass detail
7	**6. One floor throughout** Continuous flooring makes rooms read larger.	Continuous floor across two rooms
8	**7. Layer the lighting** Ambient, task and accent light add depth to small rooms.	Evening interior with three light layers
9 CTA	**CTA: Planning a compact home?** Save this and send it to someone moving into a new flat.	Logo + handle

CAPTION DIRECTION	Save-worthy checklist tone. Ask readers which tip they'd use first.

PRODUCTION NOTES
Needs: renders or stock images for each slide. If using stock, avoid labelling as AKAR work.

Plan First. Build Once.

MAIN IDEA	A myth-versus-truth poster: changing a drawing costs far less effort than changing a built wall, so the design phase is where to invest thinking.
WHY IT MATTERS FOR AKAR	Addresses a common client instinct to rush into construction. Frames AKAR's design-first approach as protection against rework.
INTENDED AUDIENCE	Plot owners and renovation planners about to start.

Creative direction

MAIN HEADLINE	**Changing a drawing is easier than changing a wall.**
SUPPORTING TEXT	Decisions made on paper are cheaper to revise than decisions made on site.
SUGGESTED VISUAL	Split image: left, a hand erasing a line on a drawing; right, a wall being demolished (stock). Matching desaturated tone.
TEXT PLACEMENT AND LAYOUT	Vertical split with the headline centred across both halves on a beige band.
DESIGN DIRECTION	Strong contrast between the two halves; serif headline; small 'Myth / Truth' tags at the top.
CTA ON POSTER	Plan first. Build once.

PRODUCTION NOTES
Needs: stock imagery (two photos). Avoid specific cost-saving numbers unless AKAR can substantiate them.

3 Lights Every Room Needs

MAIN IDEA	One 3D room is lit step by step: a flat ceiling light, then ambient cove lighting, task lighting and accent lighting. The room visibly transforms.
WHY IT MATTERS FOR AKAR	Lighting is the most visible difference between amateur and professional interiors, and it is simple to demonstrate in video.
INTENDED AUDIENCE	Homeowners and interior-curious followers.

Creative direction

REEL CONCEPT	Light-toggle reveal on one render, using separate lighting passes.
FIRST 3-SECOND HOOK	**Room shown with a single harsh ceiling light; text: 'Your room isn't ugly. It's under-lit.'**
VOICE-OVER / DIALOGUE	No voice-over. Soft 'click' sound each time a layer switches on.
RECOMMENDED DURATION	22-26 seconds
AUDIO DIRECTION	Click SFX plus warm, upbeat instrumental from the licensed library.
ENDING CTA	Save this before you finalise your lighting plan.

Time	Scene	Visuals and camera	On-screen text
0-3s	Flat, single-source lighting	Fixed 3D camera	Your room isn't ugly. It's under-lit.
3-9s	Ambient layer: cove/ceiling glow switches on	Same camera	1. Ambient
9-15s	Task layer: reading lamp/under-cabinet strip	Slow push-in	2. Task
15-21s	Accent layer: art light, wall wash	Same camera	3. Accent
21-25s	Before/after wipe	Split wipe	Same room. Better light.

PRODUCTION NOTES
Needs: one 3D scene with 4 lighting passes (3D artist). Keep the room generic or an approved AKAR render.

Anatomy of a Contemporary Villa Facade

MAIN IDEA	Five elements that define a contemporary villa elevation: massing, material mix, overhangs, screens and fins, and landscape edge.
WHY IT MATTERS FOR AKAR	Speaks to luxury-villa and dream-home audiences, while teaching them the vocabulary to brief an architect.
INTENDED AUDIENCE	Luxury villa owners and dream-home planners.

Creative direction

Slide	Headline and content	Suggested visual
1 Cover	**Cover: The anatomy of a contemporary villa facade** Elegant exterior render, night or dusk.	Contemporary villa render (concept)
2	**1. Massing** Stacked and cantilevered volumes create shadow and depth.	Annotated massing diagram
3	**2. Material mix** Stone, timber, textured plaster and metal in a restrained palette.	Material swatch strip
4	**3. Deep overhangs** Shade windows from harsh sun and protect from rain.	Section sketch + render
5	**4. Screens and fins** Vertical fins or jaali screens balance privacy, light and air.	Close-up of screen detail
6	**5. The landscape edge** Planting and paving frame the building and soften its lines.	Garden-facade view
7	**6. Night lighting** Subtle washes and linear light reveal form after dark.	Evening exterior
8 CTA	**CTA: Dreaming of a villa?** Save this vocabulary for your first meeting with an architect.	Logo + handle

CAPTION DIRECTION	Label images as 'Concept visualisation' unless they are approved AKAR projects.

PRODUCTION NOTES
Needs: villa renders. If no approved AKAR villa visuals exist, use a clearly labelled concept render or licensed stock; never imply it is a delivered project.

The Pooja Room, Designed with Intention

MAIN IDEA	A calm, timber-and-brass pooja niche poster ahead of the festive season, focusing on material, light and proportion rather than religious imagery.
WHY IT MATTERS FOR AKAR	Festival-season homes get refreshed. A respectful, design-led take on the pooja space is relevant, timely and deeply save-worthy for Indian homeowners.
INTENDED AUDIENCE	Homeowners preparing for festive season; families planning new homes.

Creative direction

MAIN HEADLINE	**A small room with the biggest meaning.**
SUPPORTING TEXT	Material, light and proportion for the calmest corner of the home.
SUGGESTED VISUAL	Render or photo of a pooja niche: warm timber, brass details, soft backlight, jaali screen. No deity imagery.
TEXT PLACEMENT AND LAYOUT	Image on the left two-thirds; cream text panel on the right with the headline and support line.
DESIGN DIRECTION	Warm, reverent palette (cream, timber, brass); minimal text; elegant serif.
CTA ON POSTER	Save for your home plan.

PRODUCTION NOTES

5 Floor Plan Red Flags

MAIN IDEA	An animated floor plan highlights five common planning mistakes: front door opening into a private zone, unventilated kitchen, long dark corridors, bedrooms without wardrobe walls, and no utility area.
WHY IT MATTERS FOR AKAR	Prospective buyers and builders see floor plans from developers and designers constantly. Teaching them to spot problems is a strong authority signal.
INTENDED AUDIENCE	Home buyers, plot owners and developers' customers.

Creative direction

REEL CONCEPT	Animated plan with red marker callouts and a quick 'fix' for each.
FIRST 3-SECOND HOOK	**Floor plan appears; text: 'If your floor plan has THIS, pause.'**
VOICE-OVER / DIALOGUE	Short, direct lines for each flag. Calm, authoritative tone.
RECOMMENDED DURATION	30-34 seconds
AUDIO DIRECTION	Light, rhythmic instrumental with soft 'ping' on each red flag.
ENDING CTA	Send this to someone reviewing a floor plan.

Time	Scene	Visuals and camera	On-screen text
0-3s	Floor plan fades in	Top-down, flat vector	If your floor plan has this, pause.
3-8s	Front door opens straight into a bedroom/toilet view	Plan with red highlight	1. Entry into private zones
8-13s	Kitchen with no window or exhaust path	Zoom to kitchen	2. Unventilated kitchen
13-18s	Long, narrow corridor shaded in grey	Zoom out	3. Corridor = wasted area
18-23s	Bedroom with no wall for a wardrobe	Zoom to bedroom	4. No wardrobe wall
23-28s	Missing utility/wash area	Zoom to rear	5. No utility space

Welcome Home: 6 Entrance Details

MAIN IDEA	Six details that make an entrance feel considered: statement door, layered lighting, hidden shoe storage, console and mirror, greenery, and a clean threshold transition.
WHY IT MATTERS FOR AKAR	Entrances are a natural festive-season focus and a space people rarely plan well. Timely and highly visual.
INTENDED AUDIENCE	Homeowners preparing for guests and festivals; new-home owners.

Creative direction

Slide	Headline and content	Suggested visual
1 Cover	**Cover: Your entrance sets the tone** Warm-lit foyer render.	Foyer render
2	**1. A door with presence** Material, pivot hinges, or a large handle can turn a door into a feature.	Door detail
3	**2. Light the threshold** Soft layered lighting welcomes and guides.	Foyer ceiling and wall lights
4	**3. Hide the shoes** Concealed storage keeps the first impression calm.	Shoe cabinet closed vs open
5	**4. Console + mirror** A drop zone for keys and a mirror to bounce light.	Console arrangement
6	**5. Bring in green** A planter or small indoor tree adds life.	Greenery in foyer
7	**6. Think about the floor** A subtle material change marks the threshold.	Floor transition detail
8 CTA	**CTA: Hosting this season?** Save this for your entrance refresh.	Logo + handle

CAPTION DIRECTION	Light festive tone without making religious claims. Mention 'new beginnings' season generally.

MAIN IDEA	A project-showcase poster that annotates one approved AKAR living room with three design decisions (layout/flow, material palette, lighting).
WHY IT MATTERS FOR AKAR	Showing the thinking behind a finished space proves capability more convincingly than a plain beauty shot.
INTENDED AUDIENCE	Prospective clients comparing studios.

Creative direction

MAIN HEADLINE	**Anatomy of a living room.**
SUPPORTING TEXT	Three decisions that shaped this space: flow, palette, light.
SUGGESTED VISUAL	One approved AKAR project image (fallback: a clearly labelled concept render). Three small numbered callouts on the image.
TEXT PLACEMENT AND LAYOUT	Image fills the poster; numbered markers on the image; a caption strip along the bottom with three short lines.
DESIGN DIRECTION	Thin white callout lines and numbers; muted overlay for legibility; serif title in top-left.

4 Zones Every Great Office Needs

MAIN IDEA	An axonometric office plan that animates four zones: focus, collaborate, recharge and welcome.
WHY IT MATTERS FOR AKAR	AKAR's website highlights corporate and commercial design. This Reel signals expertise to business owners without needing client footage.
INTENDED AUDIENCE	Business owners, startup founders, HR and admin heads.

Creative direction

REEL CONCEPT	3D axonometric motion graphic of an office floor with each zone lighting up.
FIRST 3-SECOND HOOK	**Office plan appears; text: 'Your office layout is quietly deciding how your team works.'**
VOICE-OVER / DIALOGUE	Brief voice-over or text-only. Professional, helpful tone.
RECOMMENDED DURATION	28-32 seconds
AUDIO DIRECTION	Modern, clean corporate-lite instrumental; avoid generic stock-corporate sound.
ENDING CTA	Planning an office? Save this and send to your founder or admin.

Time	Scene	Visuals and camera	On-screen text
0-3s	Empty floor plate extrudes into 3D	Isometric, slow rotation	Your office layout is quietly deciding how your team works.
3-9s	Focus zone: quiet desks	Zoom to zone	1. Focus
9-15s	Collaboration zone: open table, whiteboard	Zoom to zone	2. Collaborate

Before the First Hammer: A Home Refresh Checklist

MAIN IDEA	A seven-step planning checklist for homeowners considering a refresh before the festive season: define the problem, set priorities, document the space, check services, plan lead times, lock the scope, plan for living in the home.
WHY IT MATTERS FOR AKAR	Late October is when many homeowners think about refreshing their homes before Diwali (early November 2026; verify). A useful checklist is highly saveable.
INTENDED AUDIENCE	Homeowners considering a renovation or festive refresh.

Creative direction

Slide	Headline and content	Suggested visual
1 Cover	**Cover: Refreshing your home? Read this first.** Checklist look; clean beige page with a checkbox.	Minimal checklist graphic
2	**1. Name the problem** Storage, light, flow or style? Be specific.	Annotated room photo
3	**2. Rank your priorities** Must-have, should-have, nice-to-have.	Three-tier graphic
4	**3. Document the space** Take photos and measure rooms before any conversation.	Tape measure and notebook
5	**4. Check the services** Plumbing, electrical, waterproofing and AC should be reviewed before finishes.	Wall section sketch
6	**5. Respect lead times** Custom pieces and imported materials take time. Order early.	Calendar graphic
7	**6. Lock the scope** Clear drawings and a written scope reduce mid-project surprises.	Drawing set
8	**7. Plan to live there** Dust, noise, access and where you'll stay during work.	Simple floor plan with zones
9 CTA	**CTA: Need a second opinion?** Save this checklist and send it to a friend planning a refresh.	Logo + handle

WHY IT MATTERS FOR AKAR	Social proof reduces risk for new clients, and this quote is already public on AKAR's own site.
INTENDED AUDIENCE	Prospective clients in the decision stage.

Creative direction

MAIN HEADLINE	**“I couldn't be happier with the result!”**
SUPPORTING TEXT	Shalini, Chennai. Client testimonial as published on akararchitects.com.
SUGGESTED VISUAL	A calm interior image or a material close-up, softly blurred, behind a cream panel. Do not use a portrait unless the client approves.
TEXT PLACEMENT AND LAYOUT	Large opening quote mark in terracotta; quote in serif, centred; name in small caps below.
DESIGN DIRECTION	Quiet and editorial; plenty of white space; one image tint only.

What Clients Say vs What We Hear

MAIN IDEA	A light, self-aware sketch using relatable design-brief lines. Warm humour at the studio's own expense; no one is mocked.
WHY IT MATTERS FOR AKAR	Humour humanises the brand, is highly shareable and shows personality without making a sales pitch. It also attracts Gen-Z and millennial first-time homeowners.
INTENDED AUDIENCE	First-time homeowners, young couples, design-loving followers.

Creative direction

REEL CONCEPT	Two AKAR team members in a studio setting; text overlays show 'Client says' and 'We hear'. Quick jump cuts.
FIRST 3-SECOND HOOK	**Close-up: 'Client says: Just a tiny change.' Cut: 'We hear: Move the whole wall.' (with a wink to camera)**
VOICE-OVER / DIALOGUE	Text-led with a trending sound or light natural sound. Keep it affectionate.
RECOMMENDED DURATION	18-22 seconds
AUDIO DIRECTION	A currently trending but licensed audio from the library; verify licensing and tone just before posting.
ENDING CTA	Tag someone who has said one of these.

Time	Scene	Visuals and camera	On-screen text
0-3s	Team member at desk, looks up	Medium shot, handheld	Client says: 'Just a tiny change.'
3-7s	Reaction shot, then plan with a wall moved	Close-up cut to plan	We hear: 'Move the entire wall.'
7-12s	Holding up many white paint swatches	Close-up	Client says: 'Make it pop.' We hear: 'Which of these 14 whites?'
12-17s	Pointing at a long list of storage requests on a tablet	Over-the-shoulder	Client says: 'Minimal, but with lots of storage.' We hear: 'Magic, please.'
17-21s	Both team members smile and nod	Two-shot	We love this part. Tell us your brief.

Small Plot, Big Green: 6 Landscape Ideas

MAIN IDEA	Six ways to bring landscape into compact plots and courtyards: courtyard cut-out, vertical gardens, layered planting, small water features, low-maintenance planting and landscape lighting.
WHY IT MATTERS FOR AKAR	AKAR's website lists landscape design as a discipline. This carousel showcases that capability through education.
INTENDED AUDIENCE	Villa owners, independent-house owners, apartment owners with balconies.

Creative direction

Slide	Headline and content	Suggested visual
1 Cover	**Cover: A small plot can still feel like a garden** Lush courtyard render, soft light.	Courtyard render
2	**1. Cut a courtyard** A small open-to-sky court brings light, air and greenery inside.	Plan with courtyard highlighted
3	**2. Go vertical** Green walls and trellises add planting without floor area.	Vertical garden
4	**3. Layer heights** Mix ground cover, shrubs and small trees for depth.	Planting section sketch
5	**4. Add water** A small reflective bowl or fountain adds calm and sound.	Water bowl in garden
6	**5. Choose for the climate** Ask a local nursery about region-appropriate, low-maintenance species.	Plant palette
7	**6. Light the garden** Low, warm lights make a small garden usable at night.	Evening garden
8 CTA	**CTA: Ready for some green?** Save this and share with someone planning a garden.	Logo + handle

5 Decisions That Shape Your Home Budget

MAIN IDEA	A budget-awareness carousel that names the five decision areas with the biggest effect on a home project's cost, without quoting prices. It ends with a soft lead-magnet offer: a budget-planning checklist.
WHY IT MATTERS FOR AKAR	Budget is the biggest fear for first-time clients. Naming the decision drivers builds trust, and a checklist offer gives a low-pressure DM reason.
INTENDED AUDIENCE	Plot owners and homeowners in early planning.

Creative direction

Slide	Headline and content	Suggested visual
1 Cover	**Cover: Where does your home budget really go?** Serif headline; abstract stacked-blocks graphic.	Stacked-blocks illustration
2	**1. Built-up area and layout efficiency** Compact, efficient layouts do more with less area.	Plan comparison
3	**2. Structure and facade complexity** Cantilevers, double heights and complex facades change structure and cost.	Facade comparison
4	**3. Material grade** Finishes vary widely in grade; choose where to invest.	Material swatches

Pillar C: Architectural Inspiration
Intent: Inspirational | Primary objective: Saves & brand recall

Texture Study No. 1: Stone, Timber, Linen

MAIN IDEA	The first poster in a recurring 'Texture Study' series: a triptych of macro material shots that define the quiet, contemporary AKAR palette.
WHY IT MATTERS FOR AKAR	A repeatable series builds visual consistency. Material close-ups feel premium, are simple to produce and are very saveable.
INTENDED AUDIENCE	Design lovers, luxury-home planners, mood-board builders.

Creative direction

MAIN HEADLINE	**Materials you can feel from across the room.**
SUPPORTING TEXT	Stone. Timber. Linen. The palette behind calm, contemporary homes.
SUGGESTED VISUAL	Three macro images side by side: stone, timber grain, linen weave (licensed stock or studio-shot samples).
TEXT PLACEMENT AND LAYOUT	Three vertical panels with a thin gap; headline on a beige strip below; series label 'Texture Study No. 1' at top.
DESIGN DIRECTION	Matched tonal range across panels; minimal type; small series numeral.
CTA ON POSTER	Follow for the series.

PRODUCTION NOTES

Needs: three macro images (stock or sample shoot at AKAR's material library, if any). Keep the series name and layout identical for future editions.

What Makes a Street Worth Walking?

MAIN IDEA	A motion-graphic transformation of a bleak street into a lively one, adding active edges, shade trees, seating, lighting and safe crossings. Timed to World Cities Day (31 October).
WHY IT MATTERS FOR AKAR	Urban design is one of AKAR's four listed disciplines but rarely visible on social media. This showcases a distinct capability and invites local conversation.
INTENDED AUDIENCE	Design-minded citizens, developers, urban enthusiasts, students.

Creative direction

REEL CONCEPT	A before/after street section with elements added one by one.
FIRST 3-SECOND HOOK	**A bleak street with blank walls; text: 'Why do you love walking some streets and avoid others?'**
VOICE-OVER / DIALOGUE	Short text lines; optional calm voice-over.
RECOMMENDED DURATION	30-34 seconds
AUDIO DIRECTION	Uplifting ambient track; add subtle city sounds that build as the street comes alive.
ENDING CTA	Tell us which street you'd redesign in the comments.

Time	Scene	Visuals and camera	On-screen text
0-3s	Bleak street: blank walls, no shade, cars dominate	Eye-level street view (illustrated or 3D)	Why do you love walking some streets and avoid others?
3-8s	Shopfronts and doors appear on the street edge	Same view	1. Active edges
8-13s	Trees and shade appear	Same view	2. Shade
13-18s	Benches and public seating	Same view	3. Places to pause
18-23s	Street lighting at dusk	Day-to-dusk transition	4. Good lighting
23-28s	Safe crossings; people appear	Pull back	5. Safe crossings
28-32s	End card with prompt	Static	Which Bengaluru street would you redesign?

PRODUCTION NOTES
Needs: an illustrator or 3D artist for the street scene. Verify World Cities Day (31 October) wording. Note that no verified competitor here is urban-design-focused.

06 Oct Tue	Architects of Emotions	POSTER
HOOK	**Anyone can build walls. We design what happens inside them.**	
CAPTION	Anyone can build walls. We design what happens inside them. At AKAR Design Studio, every project begins with a simple question: how do you want to feel when you walk in? Architecture, interiors, landscape and urban design, shaped around that answer. Follow along this month as we share the thinking behind well-designed spaces.	
CTA	Follow @akar.design.studio for design that feels like home.

HOOK	**Buying a plot? Pause before you pay the advance.**	
CAPTION	Buying a plot? Pause before you pay the advance. Before we draw a single line, we look at five things: orientation, setbacks and local rules, access, soil and slope, and what surrounds the plot. Save this checklist and share it with anyone about to buy land. (Local regulations vary, so always verify with the relevant authority.)	
CTA	Save this for your plot visit and send it to a friend who is house-hunting.

08 Oct Thu	Architect, Interior Designer or Contractor: Who First?	CAROUSEL
HOOK	**Three professionals. One project. Who do you call first?**	
CAPTION	Three professionals. One project. Who do you call first? If you're building new, start with the architect. If you're redoing an existing flat, an interior designer can lead. And a contractor works best once the drawings are clear. Swipe for the quick guide, then tell us in the comments: what kind of project are you planning?	
CTA	Comment your project type (new build, flat, renovation) and we'll point you the right way.

09 Oct Fri	Designed for Bengaluru's Weather	POSTER
HOOK	**Your home can breathe. Here is how.**	
CAPTION	Your home can breathe. Here is how. Bengaluru's mild climate rewards good design: openings placed for cross-ventilation, overhangs that shade the harshest sun, and daylight planned room by room. Save this for your design brief and ask your architect how these ideas apply to your plot.	
CTA	Save this and bring it to your first design conversation.

Direct Competitor Reference Links for Every Post

Two references per date, rotated across ten competitors. All are profile-level; use the last column to pin the exact post.

IMPORTANT: PROFILE-LEVEL REFERENCES

Instagram could not be opened by our research tools, so no individual post or Reel URL could be verified. Rather than invent links, each reference below is a verified competitor profile with a specific study brief. Before design starts, the social media manager should open the profile, choose a recent post of the same format (poster, Reel or carousel), and paste its URL into the final column. References are for creative inspiration only: do not copy designs, captions, scripts or concepts.

Post	Competitor and link	What to study	What to adapt for AKAR	Pinned post URL (to fill)
06 Oct Tue Poster Architects of Emotions	**Studio Ipsa** instagram.com/studioipsa/ Profile-level reference	How the bio-line 'rooted in emotion' is echoed in the feed's visual tone and first-impression grid.	Translate a single emotional promise into one calm poster; keep AKAR's own words.	
	Archierio instagram.com/archieriodesigns/ Profile-level reference	How a lifestyle-led positioning line ('homes that speak your lifestyle') is carried by imagery.	Pair one short promise with one confident image instead of a busy layout.	
07 Oct Wed Reel Before the First Line: 5 Plot Checks	**Cadence Architects** instagram.com/cadence_architects/ Profile-level reference	How an architecture-led account explains site and context in its captions and visuals. SECTION 10

Instagram Growth Recommendations

Practical recommendations tied to this calendar.

1. Increase reach through Reels

- Open every Reel with the answer or the problem in the first 3 seconds (all Reels in this plan have a written hook). Put the hook text on screen, large and centred.
- Keep educational Reels to 20–35 seconds with one idea per scene so completion rates stay high. Compare average watch time across the nine Reels in Week 1 and double down on the winners.
- Use native text and Instagram's licensed audio for business accounts; avoid unlicensed music. Add on-screen captions as many people watch muted.
- Write searchable phrases into the caption's first line ('floor plan mistakes', 'small flat design') because Instagram search reads captions as well as hashtags.
- Reuse the first 3 seconds of high performers as a cover frame for the grid so the profile stays coherent.

2. Increase saves and shares with carousels

- Make carousels reference-grade (checklists, guides, comparisons). The flooring, budget and refresh-checklist carousels are designed to be saved.
- Put the single most valuable line on slide 1 and the 'save this' prompt on the final slide only, not every slide.
- Re-share a high-saving carousel as a Story with a poll to extend its life.

3. Use posters for brand recognition

- Use a fixed template system: serif headline, beige/charcoal/terracotta palette, consistent logo corner. After 3–4 weeks, followers should recognise a poster before seeing the handle.
- Keep the 'Texture Study' series (Oct 30) as a recurring monthly format so recognisable series build equity.

4. Improve profile visits and enquiries

- Rewrite the bio to state: who you serve, where (Bengaluru), and one outcome, ending with a single clear link.
- Pin three posts: the process poster (Oct 12), the budget-drivers carousel (Oct 29) and one project showcase once approved.
- Create Highlights: Process, Projects, FAQs, Consult. Each should hold 4–8 frames drawn from this calendar.
- Track link taps with a UTM-tagged consultation link in the bio.

5. CTA strategy

- Rotate three CTA types: save/share (education), follow (inspiration), and consult/DM (enquiry). Never put a consultation CTA on more than 1 in 8 posts.
- Keep CTAs specific: 'DM BUDGET for the checklist' beats 'contact us'.
- Always match the CTA to the audience stage: cold viewers get 'follow/save'; warm viewers get 'consult'.

6. Use Stories alongside scheduled posts

Day	Story idea	Sticker
Post day	Teaser of the post 1–2 hours before, then the post shared with 'New' tag	Link or reshare
Day after Reel	Behind-the-scenes still or 15-second outtake	Emoji slider
Day after Carousel	One-question poll related to the carousel	Poll / quiz
Weekly	'Ask an Architect' question box with answers over 2–3 Stories	Question box
Enquiry days (Oct 12, 27, 29)	Short Story with a direct consultation prompt	Link sticker / DM

7. Hashtag and keyword strategy

- Use 5–8 hashtags per post: 1 brand tag (#AKARDesignStudio), 1 location tag (#Bengaluru or #BengaluruArchitects), 2–3 topic tags, 1–2 niche tags. Avoid mega-generic tags like #love.
- Treat hashtags as support; put the main keywords in the first 125 characters of the caption and in alt text.
- Review hashtag performance in week 3; replace tags that bring no profile visits.

Tag type	Examples
Brand	#AKARDesignStudio #ArchitectsOfEmotions
Location	#BengaluruArchitects #BengaluruHomes #BangaloreInteriors
Topic	#FloorPlan #SpacePlanning #LightingDesign #MaterialGuide
Aesthetic	#ContemporaryDesign #MinimalInteriors #VillaDesign

8. Convert Instagram visitors into consultation enquiries

- Step 1: educational post earns a save or follow. Step 2: profile visit lands on a clear bio and pinned posts. Step 3: Story or Highlight answers 'how does it work?'. Step 4: DM keyword or link-in-bio form captures the enquiry.
- Reply to every comment and DM within a few hours. Use saved replies for common questions (process, areas served, how to start).
- Ask qualifying questions in the form: plot or flat, location, project type, timeline. Do not ask for budget upfront.
- Track enquiries by source (post/Story/DM) in a simple sheet and review weekly.

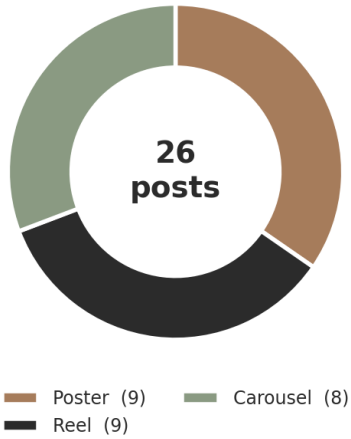

SECTION 11

Monthly Content Distribution Summary

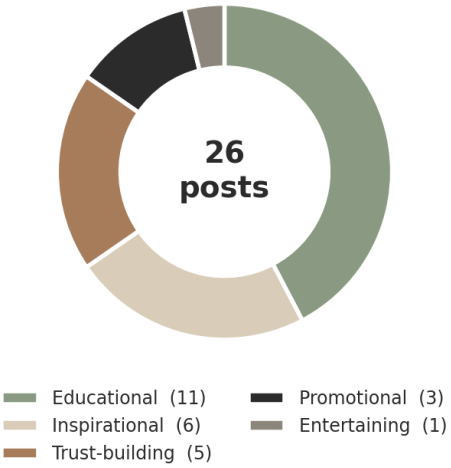

Totals, balance and objectives for 6–31 October.

26	9	9	8
Total posts	Posters	Reels	Carousels

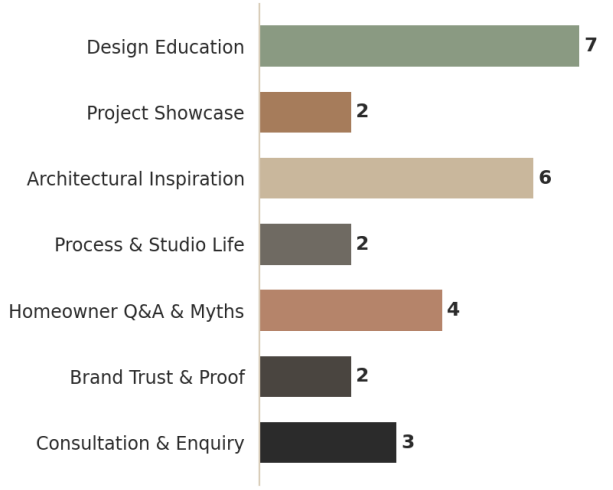

Format split

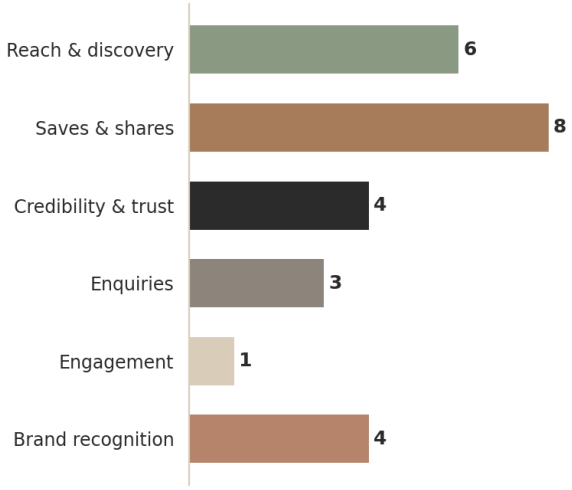

Content intent

Posts per content pillar

Primary objective of each post

Content mix reading

- Educational 11 (42%), Inspirational 6 (23%), Trust-building 5 (19%), Promotional 3 (12%), Entertaining 1 (4%).
- Primary marketing objectives: discovery (Reels), saves and shares (carousels), brand recognition (posters), credibility (showcase and process), enquiries (3 posts).
- Suggested KPIs to measure from Week 1 (no targets assumed because AKAR's baseline is unknown): reach and plays per Reel, saves and shares per carousel, profile visits and link taps per week, DMs and consultation requests.

Metric	Where	Why it matters	Review
Plays, average watch time	Reels	Do hooks work?	Weekly
Saves, shares	Carousels, posters	Is the content useful?	Weekly
Profile visits, follows	All formats	Is interest turning into curiosity?	Weekly
Link taps, DMs, consultations	Bio, Stories, DMs	Is interest turning into leads?	Weekly + month-end

SECTION 12

Final Execution Recommendations

What happens next, what is needed from AKAR, and what to check before each post goes live.

A. Immediate actions (before and during Week 1)

- **Week-1 timing.** The first post is 6 October. Produce Posts 1 (poster), 3 (carousel) and 4 (poster) from existing AKAR assets or stock first; they need no shoots. Schedule the Reel on 7 October as motion graphics only.
- **Audit AKAR's Instagram (not possible for us).** Record follower count, last 12 posts, formats, average likes/comments and top 3 posts, then add findings to this document.
- **Pin competitor posts.** Fill the 'Pinned post URL' column in Section 9 before each design brief starts.
- **Confirm services.** Ask AKAR to confirm which of these they currently offer: turnkey, renovation, luxury villa design, project management, design consultation, office interiors.

B. Asset checklist from AKAR

Asset / approval	Needed for	Needed by
Vector logo, brand fonts and colours (if any)	All posts	Before 6 Oct
3–5 approved project images or renders, plus caption facts	Posts 1, 7, 16, 23	8 Oct
Written permission to use website testimonials on social	Post 19	20 Oct
Consultation process, contact route (WhatsApp/form/phone)	Posts 7, 22, 24	10 Oct
Two team members available for a half-day shoot (sketch + humour Reel)	Posts 8, 20	10 Oct
Approval for the budget checklist lead-magnet	Post 24	22 Oct
Confirmation that landscape, corporate and urban design are active services	Posts 17, 21, 26	12 Oct

C. Suggested production workflow

Stage	Owner	Timing
Brief approval	Client + SMM	3 working days before post
Design / edit first draft	Designer / editor	2 days before
Client review (one round)	Client	1 day before
Schedule and publish	SMM	Day of post (test windows: midday and evening IST)
Insights review	SMM	48 hours after; weekly summary

D. Pre-publication checklist

- Every claim is on the AKAR website or confirmed in writing by AKAR.
- No client name, location or image is used without permission. Concept visuals are labelled 'Concept visualisation'.
- Music is from Instagram's licensed library for business accounts.
- Festival dates are checked against an official calendar. Content tone stays respectful.
- Competitor references are used for creative inspiration only. No design, caption or script is copied.
- Text is checked for spelling (note the homepage spelling error) and the handle and link in bio are correct.

E. Risks

Risk	Mitigation
No approved project assets by 6 October	Lead with education posts and renders; showcase posts move to Weeks 3–4.

Risk	Mitigation
Reels need team time	Reels on posts 2, 5, 11, 14, 17, 23 and 26 are fully graphic or 3D and need no filming (only posts 8 and 20 need team time).
Instagram research gap	Complete the account audit and pin post URLs in week 1.
Name confusion with similarly named brands	Use #AKARDesignStudio and Bengaluru tags consistently.
